## **PREFACE**

The Directorate of Hospital & Medical Education has brought out **hospital Statistics 2020 - 2021 (Based on Monthly Statistical bulletin)** of various hospitals, i.e. 15 Government hospitals & 27 Private hospitals. The present publication is the 9th in its series. It comprises the hospital characteristics of Bed Strength, number of patient treated, admission, operation, delivery, investigation, and other characteristics as before. It also includes achievement of some Programmes/ Cell reports, such as Oral/dental health, Mental Health, Non-communicable Disease(NCD) and Tobacco Control Programme, IMR & MMR (HMIS) and Animal Bites Reports.

In this publication, three (3) new District Hospital, Saitual, Hnahthial and Khawzawl is added in Government Hospital and also added three (3) Private Hospitals such as, Rosewood Hospital, Saron Veng, Trinity Hospital, Melthum, Christian Hospital, Lawngtlai. I am thankful to all the Government and Private Hospitals for their co-operation and supplying the required information for this Hospital Statistics.

It is my sincere desire that this publication will serve as a useful source of information for the administration. Research Scholars and for the General Public. Suggestion for further improvement of next publication is most welcome.

I am thankful and appreciated to Officers and Staff of this Office for their efforts and rendering services for this publication.

## M E S S A G E

It gives me immense pleasure to see that the Directorate of Hospital & Medical Education, Health & Family Welfare Department has been able to bring out its ninth publication of 'Hospital Statistics 2020-2021'.

Government and Health Service agencies has been gauging the overall health and well being of population with statistical information and also employ statistical tools and analysis to measure their performance outcomes and thereby maximize efficiency. The data of this publication covers various important indicators and parameters regarding hospital characteristics which are considered to be required to better define and measure outcomes and performances of hospitals in Mizoram.

It could also be observed that the Directorate of Hospital & Medical Education, Mizoram has given all out efforts to collect detail required information even from all private hospitals across the state, processed and compiled them together with the information from the state government's hospitals to provide a comprehensive database enabling it to be a reliable and useful source of information for the state government and other various data users.

I am confident that this publication would prove to be an important document and the data therein would serve as useful tools in identifying human development issues, in designing policies and in facilitating planning for progress and improvement.
